*Light falls  
Night calls  
One and all  
Let's go  
Out we crawl  
Animals  
Creatures of the dance floor*

*Hit the floor  
Move your feet  
Till their sore  
Live the beat  
Scream for more  
Feel the heat  
Hot as hell  
Thousand degrees*

*We are so beautiful  
Black, white, red, brown, green, yellow  
We are so colorful  
A kaleidoscope, neon lights, a rainbow*

*We've only just begun  
We won't stop till were done  
When the night is young  
We all come together  
We can't get enough  
On a music buzz  
The language of love  
We all come together*

*It takes all of us  
Together as one*

*A united front  
We come together*

*Day is done  
Darkness comes  
Everyone  
Let's go  
Hear us roar  
Predators  
Tearing up the dance floor*

*Hit the floor  
Move your feet  
Till their sore  
Live the beat  
Scream for more  
Feel the heat  
Hot as hell  
Thousand degrees*
