*Cruising down the highway
Doing about 78
Tunes are cranked up all the way
Making good time at a steady pace
When someone honks behind me
Yelling things I dare not repeat
You can do your own thing
Just stay out of my way
Won't succumb to road rage
Nowhere fast, I'd rather wait
Blinkers on, switching lanes
Pass me on the left...hey!
Birdie's flashed, I smile and say
Have a nice day*

*I want to enjoy the ride
Make waves with my hands out the window as I drive
Let my hair down in the wind to fly
Shades on, the futures bright*

*Heading down the interstate
Taking in the sights along the way
Sun is lighting up the day
I've got a feeling things will be ok
When someone's all up on me
On my tailgate, invading my space
You can do your own thing
Just stay out of my way
It's not a cat and mouse chase
Life is not a rat race
Blinkers on, switching lanes
Pass me on the left...hey!
Birdie's flashed, I smile and say
Have a nice day*

*Peace, Love, not hate
Have a nice day!
Peace, Love, not hate
Wait...What? Hey!
You can do your own thing
Just stay out of my way
Won't succumb to road rage
